The commission has jurisdiction over the Washington and Old Dominion line in so far as its operation in the District is concerned, and may, if it desires, order resumption of the transfer arrangement, to apply as far as the south end of the Aqueduct bridge.
Formerly passengers could rice to Cherrydale, Va., on one fare. The commission will have no power to restore the old system in full, since it involves interstate transportation.

The announcement was made in the details at a later date.

The announcement was made in the course of a ten-minute speech made by him at the opening of the session of the House. The speech was a carefully prepared statement, relating the history of the various sums of money, approximating \$2,000,000, which have been turned over to the Treasury of the United States from the District of Columbia, as the resolution of the special accountant employed by the District committee These sums include the money due the United States on account of board for District immates of St. Elizabeth Acylum and the Washington market
